January 2012

To Whom It May Concern,

Southern Blue Pool's completed construction of a new deck that included a new drainage system, as well as a new hydrotherapy Jacuzzi ahead of schedule, and our resort was able to open the amazing new hydrotherapy Jacuzzi to our guests visiting us for the holidays this year.

Every measure of this project was built with impressive care and attention to detail. And after this experience I can happily provide this recommendation letter for Southern Blue Pools.

If you would like additional information please feel free to use my contact information provided below.

Sincerely,

Christopher Arndt
