VENDOR 2:**LINE ITEM PRICE: \$ 90,850.00**

NOTES:Price includes items as specified, plus 3Turf fertilizations, 2 Shrub and Palm fertilizations and 12 IPM visits per year. Ther will be 1 broadleaf weed control in either the spring or fall. Should more be required, they will be done at an extra charge.

EXCEPTION(S): NONE

VENDOR 3:**LINE ITEM PRICE: \$ 106,800.00****NOTES:**Lawn Maintenance:

Cut and trim all lawn areas as required throughout season (29 visits per year). Remove grass cuttings from hard surface areas.

1. Litter will be picked up from the mowing areas and gardens will be conducted before mowing and all trash will be removed from the site.
2. Lawns will be mowed and trimmed every visit or as required to maintain grass at a height of 3.5 to 4 inches for St. Augustine turf.
3. Trim grass edges neatly around planting beds, trees, fences, utility poles, fire hydrants, etc.
4. Edging of all trees, hedges, shrubs, and flower beds as required so that these areas present a neat and clean cut appearance at all times.
5. Grass clippings shall be raked, swept or blown clean from patios, sidewalks, roads and walkways, and disposed of after each mowing.
6. Spot spraying of herbicide to control the growth of weeds in plant beds and concrete/asphalt cracks.

Irrigation System Testing:

Monthly testing, tuning, and minor repairs of Irrigation System. Major repairs will be quoted separately.

Shrub & Tree Pruning:

- Prune all shrubs and trees to a maximum height of 12 feet;
- Palm tree pruning will be performed as needed to maintain a neat and clean appearance. Palms will be pruned to remove necrotic or yellow fronds up to 15 feet . Only fronds below 9 & 3 will be trimmed, unless frond is previously damaged.
- Prune flowering shrubs previous year's growth immediately after flowering.
- Hedges shall be trimmed and shaped using mechanical shears.
- All debris shall be removed from the site.

Mulching Supply & Installation:

- neatly define garden edges
- remove existing weeds from garden
- supply & install red mulch over common area plant beds approx. 2 inches thick
- service to be performed once per year

Fertilizer & Pest Control:

- Application of fertilizer on all turf areas, 4 times per year.
- Application of insecticides, fungicides, and herbicides on turf to control the spread of pests.

EXCEPTION(S): Estimated the amount of mulch for common areas. This was requested from my conversation with a board member when I visited the property.

- (12 times per year) — Pruning and trimming of plant materials.
- (12 times per year) — Cultivating tree basins and maintaining shrub beds.
- (3 times per year) — Applying fertilizers, insecticides, fungicides, and herbicides.
- (12 times per year) — Monitoring, adjusting, and minor repairing of irrigation systems.
- (12 times per year) — Collecting and removing debris, trash removal, and litter pick up, leaf collection
- (12 times per year) — Controlling weeds

Bid Price Includes installing and maintaining annual color beds,as requested in bid document

EXCEPTION(S): NONE

ATTACHMENT(S): [L_Etoile_Landscape_AND_Tree_Bids_10-30-12.pdf](#)

VENDOR 5:

LINE ITEM PRICE: \$ 83,311.56

NOTES:MOWING: The lawn will be mowed 29 times per year.

- 3 times per month, May through September.*
- 2 times per month, October through April.*

Heavy grass clipping accumulations will be raked to maintain a neat appearance.

Grass clippings will be mulched. Common area and home front grass areas will be maintained provided there is clear access and turf area is free of structures, furniture or personal objects.

EDGING & LINE TRIMMING:

The plant beds, tree rings, roadways, curbs and sidewalks will be mechanically edged after each mowing. Fences, signs, structures or maintained areas that cannot be mowed will be trimmed with a hand held line trimmer to keep a neat appearance. Clippings will be vacuumed or blown off.

SHRUB & TREE TRIMMING:

All shrubs and hedges will be kept at a uniform height and will be trimmed ten times per year. Trees will be bottom pruned up to 8 feet in trunk height, provided the trees are trimmed by an Arborist every 12 - 18 months. Maintenance that is not part of the original landscape design or where unit owners have planted specialty shrubs (i.e. topiary, roses, vegetables, etc.) is not included in this contract. Any trees requiring special equipment such as high lift trucks or ladders are not included in this contract.

SHRUB & BED WEEDING:

Existing landscape beds and tree rings will be cleaned of debris and undesirable growth with each shrub trimming cycle. Additionally, herbicide treatments will be implemented to suppress weeds in beds to achieve a neat appearance.

FERTILIZATION:

- Lawn areas will be fertilized three times a year with a 24-2-11 granular 90 day release.
- Shrubs and ground cover will be fertilized three times a year with a 12-2-14 slow release with minor nutrients or an acid loving plant fertilizer where appropriate.
- Trees will be fertilized with tree spikes or granular.

CHEMICAL CONTROL:

A curative program will be implemented for the treatment of damaging insects and diseases to shrub and turf areas. Incidental application of pesticide will be done as needed. . Ant bait will be used for control of ant hills upon monthly site inspection. Additional ant treatments, upon request, will be at an additional charge. If needed, seasonal turf weeds will be treated, upon request, at an additional charge. Pests and diseases not common to our area; unusual, new or unexpected outbreaks of insects or disease is not included in this contract. If outbreaks occur, Customer will be notified and proposal provided. Ficus whitefly treatment along Atlanta Street is included in this contract. Additional areas requiring white fly treatment are not included in this contract; systemic drenching can be provided and quoted upon request.

MULCH:

All bed areas will be mulched at the request of client for \$35 per yard.
