LINE ITEM #1: Ocean Beach Residency Phase One.

See attached Aerial View for current configuration (2X Half Courts) - To be replaced with single FULL COURT.

- 1) Remove existing hoops and posts. Fill/patch removed posts..
- 2) Install two new gooseneck Basketball hoops at ends of court creating a full court. The Board had previously selected a style hoop from a website model # PR52 at www.basketballhoopsunlimited.com. <http://www.basketballhoopsunlimited.com/store/Scripts/prodView.asp?idproduct=77> Additional example photos attached in "Additional Documents". Substitutions must be same style and equal or better quality/materials.
- 3) The current surface appears to be in fairly good condition, I believe it is asphalt with a green painted surface but I did observe two large cracks. These should be filled/sealed for safety and appearance.
- 4) Remove existing painted keys (remove/coat over for smooth surface, best recommendation(s) for economy & durability of new coating/paint) and repaint keys for full court.
