

PROPOSAL REPORT COVER PAGE

Curtis Shamis

Association Services of Florida

RFP#: 731061

RFP Title: Landscaping-Irrigation-PestControl 2013

Oakland Shores Condominium No 1 Inc

ABOUT THIS REPORT

Please review the following Proposal Report in its entirety. Once reviewed, please log into your free, online manager account and report your community's position on the matter within 15 days of close. Reporting the status or outcome of an RFP will instantly give all vendors, who worked diligently in providing a free estimate, the proper notification of where they stand.

CLEANING UP THE MESS

This proposal report utilizes a patent-pending process to **centralize** all related bids for a more **consistent** format. The end result is less paperwork to manage and less time spent on making an informed decision.

PROTECTING THE COMMUNITY

Each and every vendor who submitted a quote for this RFP has met, or exceeded your predetermined **minimum requirements** for liability insurance, worker's compensation, & licensing. Supporting documents (insurance policies, licenses, etc.) are provided in the proposal packet as part of this sealed bidding process. In addition, every vendor within this report has an **"apple rating"** that is based on the quality of their work and customer service with other communities. This should reduce the likelihood of hiring a "fly by night" contractor that may leave a project unfinished, completed poorly, and/or without warranty.

UNDERSTANDING A VENDOR'S PRICE

Vendor pricing can vary greatly, even when compared **"apples-to-apples."** Some of the many reasons for varying quotes include: insurances, employee benefits, sales commissions, warranties, capital equipment, quality of workforce and materials, experience of estimators, and profit margin. By having multiple bids through a competitive, sealed bidding process, you have a better chance of a lower cost.

STAYING ORGANIZED

Any information received through this software system will be saved for future reference and use. This includes pictures, proposals, scopes of work, and any other documents related to a proposal request. All can be retrieved by simply logging into your free online manager account.

THIS IS NOT A SEALED BID. ALL PRICES WERE VISIBLE UPON BID SUBMISSION FROM VENDORS.

LINE ITEM #1: Landscaping-Irrigation-PestControl 2013.

IMPORTANT: THIS REPORT IS ONE OF A SET OF TWO. BOTH REPORTS SHOULD BE REVIEWED TO SEE ALL 7 PARTICIPATING VENDORS

Your proposals are to be for All landscaping areas on the Association property. Attached overhead view illustrates approximate extent of community.

IMPORTANT: The Board is reviewing your proposal on Feb. 11. We MUST have your proposal by Friday, Feb. 8.

Please respond to general items here, with responses and pricing for specific categories with the respective following line items.

Services related to the items below that are NOT included must be specifically listed as EXCEPTIONS.

Please note that the association is replacing the previous landscape firm for the following reasons:

Lawn Crew -

- they are not taking care of weeds - weeds in plant beds that are 6" higher than the plants in some areas. Proper chemical treatment and manual weeding has not been acceptable.
- they are not trimming ficus hedges properly. Please confirm expectations.
- they don't rake up leaves under shrubs they just blow them underneath and it piles up
- they don't trim overhanging shrubs on sidewalk entrances to the Bldgs. unless told each time
- no apparent supervision of the crews

Tree Trimming - they are not removing dead palm fronds.

Fertilization - Results not apparent, some areas may need remedial recommendations.

Irrigation - we have had major valves leaking and are not repairing or reporting as applicable.

NOTES: Fert and Pest: Per your request and attached proposal at Line Item #1.	

EXCEPTION(S): NONE

Cutters Edge:

LINE ITEM PRICE: \$ 4,500.00

NOTES:

Integrated Plant Management (IPM):

Cutters Edge Lawn and Maintenance Inc., is licensed by the Bureau of Entomology & Pest Control Lic.No. JB 185687. All Technicians are trained and certified as required by the State of Florida statutes "FDACS Chapter 482 FS".

Cutters Edge will provide (4) annual inspections of Turf & Ornamentals. We will use appropriate measures to treat & control infested areas. This program is known as Integrated Pest Management (IPM). IPM is a combination of the use of biological, chemical and fertilization to control pests and maintain a healthy landscape and turf.

Treatments are applied only to infested areas and not applied as a blanket treatment. This minimizes the loss of beneficial insects. This also means less pesticide exposure to humans, animals and the environment.

Cutters Edge will treat for the following insects: Chinch Bugs, Grub Worms, Sod Web Worms,

Fire Ants*, Scale, Domestic White Fly, Aphids, Mealy bug & Thrips. We will also identify and treat Mold, Fungus and some bacteria on turf. Ornamentals will only be treated for foliar disorders, if the stem/wood of Ornamentals show symptoms of fungus or bacteria, the pathogen has already damaged the plant to a point where treatment may not be an effective solution.

At Cutters Edge Lawn & Maintenance, Inc our main goal while treating pests is safety. You can be assured that when applying pesticide or herbicide, we use the safest means possible so that your family & environment are not at risk.

Please see full details in attached agreements.

EXCEPTION(S): NONE

LINE ITEM #5: TREE TRIMMING:.

A) We prefer a certified arborist, International Society of Arborists (ISA), to trim trees. A Certified Arborist is requested be on site at all times during trimming operations.
