\*Designates exception for 1 or more line items. Please see vendor notes for details.

**LINE ITEM #1:** Pool Pavers.

Pool has est. 10,000 Sq. Ft. plus deck area, currently painted.

Please provide proposal to re-finish pool and spa deck areas in 1-inch pavers. Please specify the following:

- 1) Proposed colors and/or patterns available for basic installation. Ideal would be a light color to complement existing pool coping and adjacent features, but a light tone to avoid excessive heat retention.
- 2) Proposed method of setting pavers (concrete product, polymer, or sand)
- 3) Recommendations/options for mating the pavers surface to pool coping and other deck items for best aesthetics, safety, and maintenance of pool and utilities. Pool coping is currently raised, expectation is a level mating of the surfaces.

**VENDOR 3:****LINE ITEM PRICE: \$ 71,132.50**

**NOTES:**1. Sand deck to remove loose paint.

2. Provide and install pavers following industry standards.

8"x8"x1" Light Travertine pavers diagonally laid to pool.

8"x12"x1" Light Travertine pavers as border.

Install Pavers in thinset.

Grout with sanded grout, color per customers selection.

Seal with 2 coats of clear penetrating sealer.

Remove and replace approx. 100 Linear Ft of deco drains.

Total footage approx. 12,795 square feet

**EXCEPTION(S):** We do not recommend building up the deck/paver elevation to meet the pool coping. Please call Tony Scavo at 561-386-7025 for a detailed explanation.

**VENDOR 4:****LINE ITEM PRICE: \$ 64,700.00**

**NOTES:**1" inch pavers installed in sand over existing slab. Includes delivery of pavers / sand / delivery of sand and installation of pavers on pool deck. Pavers will butt up to existing pool curb and will be flush with Spa coping. Outside perimeter will be mudset to slab as a retention perimeter. All pitches will be as specified to allow water to run away from pool / spa and off of pool deck. Installation of pavers is on bottom level only, handicap ramp and upper level (where bathrooms and vending machines are located) are not included in this proposal.

Cut back bottom of handicap ramp to allow ramp to meet new pool pavers and be flush. This will prevent a trip hazard from occurring.

Color and style to be selected. Light tones recommended to match existing pool curb and blend with existing spa coping. Light colors also avoid excessive heat retention. Borders around pool deck can act as an accent if a different color is selected. For examples of pavers see Gempavers.com. Go to product list. Go to 1" pavers. We can provide actual samples of pavers, patterns and colors on request.

**EXCEPTION(S):** Deco Drains.

Sealing Pavers which is OPTIONAL will be an additional \$6,000 (includes sealer and application of sealer)
