Letter of Recommendation

To whom it may concern

This document will serve as acknowledgement that Aquadynamics Design Group, Inc. has had an exemplary construction history with Greenbrook Pools, Inc. in the field of Swimming Pool, Water Activity Pool, Splash Pad, Commercial Pool Modification, and Residential Swimming Pool and Spa Construction.

It has been our experience that Mr. Ira Grabow and his Project Manager Mr. Frank Goni, have always conducted themselves in a professional manner, and have placed the client's satisfaction at the pinnacle of any construction task the firm has ever undertaken.

I hereby attest to the quality of work and attention to detail exhibited by Greenbrook Pools, Inc. on associated projects. Their completed work has always been on time and within the established construction budget, and therefore Greenbrook is held at the highest levels of regard with our firm.

It is from our associated experience and level of high regard that we recommend this builder for the project they seek to construct with your firm.

I would be happy to provide more detailed information about the contractor and their association with Aquadynamics on construction projects we have completed together. Please contact me at the office number listed above.

Sincerely,
Aquadynamics Design Group, Inc.
Aquatic Engineering Consultants

John J. Wahler, Principal Manager
