

CITY OF
FORT LAUDERDALE

Fort Lauderdale
Aquatic Complex

February 28 2012

To Whom It May Concern:

This is a personal recommendation letter for Mr. Adam Frenz and a statement of Southern Blue Pool's professionalism, reliability and quality craftsmanship.

In addition to the projects described below, I can say that through the consulting and assistance Mr. Frenz has provided to the Ft. Lauderdale Aquatic Complex, Mr. Frenz has always been honest, dependable and knowledgeable with issues involving Commercial Pool Construction & also in dealing with persons enforcing the Florida Commercial Swimming Pool Code.

Southern Blue Pools has completed large scale resurfacing (Diamond Brite Installation) projects for the City of Fort Lauderdale with a level of quality and in a timeliness manner. And recently, Southern Blue Pools was awarded the resurfacing of the commercial spa located at the Fort Lauderdale Aquatic Complex ("Swimming Pool Hall of Fame Site").

I believe that part of the key to the success Southern Blue Pools Projects is due to the Owner being accessible and involved in the projects.

Sincerely

**Rich Gausman
