An integral part of Martindale-Hubbell's service to the legal community is the Lawyer Rating system, which evaluates lawyers and law firms in the U.S. and Canada based upon peer review.

Martindale-Hubbell's Ratings are considered invaluable when evaluating a lawyer. When making referrals or looking for counsel in another jurisdiction, lawyers need to have confidence in the individual under consideration. By reviewing the Ratings, they can select counsel with superior ethics, as well as the desired level of professional experience.

The Martindale-Hubbell Bar Register lists only the most distinguished law practices - those that have achieved the prestigious AV Preeminent rating in the Martindale-Hubbell Law Directory. The AV® Preeminent rating signifies the highest levels of legal ability. The AV® Preeminent rating denotes a high adherence to professional standards of conduct, ethics, reliability and diligence and indicates the attorney has been practicing for many years and recognized for the highest levels of skill and integrity. This rating is the result of a peer review system based upon the confidential opinions of practicing attorneys and members of the judiciary.

Ratings attest to a lawyer's legal ability and professional ethics, and reflect the confidential opinions of members of the Bar and Judiciary. The Ratings are part of a century-long tradition and are exclusive to Martindale-Hubbell.

A lawyer or client may evaluate a colleague by considering the Rating, together with other data in the Professional Biography - such as practice areas, bar memberships, professional affiliations, education and clients. The Rating completes the professional profile, providing additional insight into who might be the right choice for that particular legal matter.

Ratings are established by lawyers for lawyers. The legal community respects the accuracy of Ratings because it knows that its own members - the people best suited to assess their peers - are directly involved in the process. The Martindale-Hubbell Ratings system is based on the confidential opinions of members of the Bar and the Judiciary, including both those who are rated and those who are not.

Martindale-Hubbell representatives conduct personal interviews to discuss lawyers under review with other members of the Bar. A compilation of these opinions from various sources is necessary to form a consensus, and lawyers under review are sometimes asked to provide professional references to assist with the process.

In addition, confidential questionnaires are sent to lawyers and judges in the same geographic location and/or area of practice as the lawyer being rated. Members of the Bar are instructed to assess their colleague's legal ability and general ethical standards.

Legal Ability Ratings - Legal Ability Ratings take into consideration the standard of professional ability in the area where the lawyer practices, the lawyer's expertise, and other professional qualifications. If a lawyer's practice is limited or specialized, Ratings are based on performance in those specific fields of law.

Legal Ability Ratings are:

C - Good to High

B - High to Very High

A - Very High to Preeminent (our senior partners and overall firm rating)

General Ethical Standards Rating - The General Ethical Standards Rating denotes adherence to professional standards of conduct and ethics, reliability, diligence and other criteria relevant to the discharge of professional responsibilities.

A lawyer will not receive a Legal Ability Rating unless he or she has been endorsed for a "V." When both categories of Ratings are confirmed, a lawyer receives a CV, BV or AV Rating.

An AV Rating shows that a lawyer has reached the height of professional excellence. He or she has usually practiced law for many years, and is recognized for the highest levels of skill and integrity.

"AV® Preeminent™ and BV® Distinguished™ are certification marks of Reed Elsevier Properties Inc., used in accordance with the Martindale-Hubbell certification procedures, standards and policies."

Martindale-Hubbell is the facilitator of a peer review rating process. Ratings reflect the anonymous opinions of members of the Bar and the Judiciary. Martindale-Hubbell Peer Review Ratings fall into two categories - legal ability and general ethical standards
